

April 2, 2009

Dear Parents,

Thank you to all families who attended Math/Science Night. It is always a sacrifice to attend one more school activity especially in the evening. Many students were proud of their “teaching” skills and knowledge of math and science. Much appreciation also goes to the classroom teachers for their extra effort and dedication.

Please read the following:

- Mr. Larson’s students did it again! **Seven** students from Cosgriff competed in the Salt Lake Valley Science and Engineering Fair held at the University of Utah to receive 10 awards! Congratulations to the following on their accomplishments:

Sierra Pond
Mark Barnett
Erin Villareal

Jackie Morgan
Carolyn Taylor

Tony Martino
Daniel Voytovich

A special note—Mr. Jim Larson was awarded the alternate position to attend the Intel International Science and Engineering Fair. Thank you for coaching and inspiring the students of Cosgriff school.

- Save the Date Sunday, April 26, 2009, 11:00am Mass, Sixth Grade Students and Families. The sixth grade students have been asked to host and participate in the Mass from beginning to end.

Sixth grade students will:

- greet parishioners before Mass
- lecture
- cantor
- sing
- present gifts
- compose and proclaim the prayer of the faithful
- host a coffee following Mass

Watch for more information about this special Mass.

- Please refer to the Principal’s letter of March 26 for descriptions and registration forms for summer school. Summer school will be fun, relaxing and educational. Ask your neighbors to sign their children up as well.
- The All School Mass will be Wednesday, April 8 at 8:45 a.m. Please attend this special Mass. Formal dress uniform required of students.
- Reserve April 16 at 7:00 pm for the school board meeting to further discuss the school door entrance issues. Call Kim Marron if you would like to attend the school board meeting. 801-486-3197.
- Thank you to Michael Hilton and the 3rd grade parents for the fabulous faculty lunch last week.

- There is still time to fill out the parent survey. Your input is very important. [Click here to download a copy.](#)
- Please remember to turn into the office the St. Ambrose basketball uniforms.
- All families are invited to the St. Ambrose Passion and Supper on April 3. [Click here for more information.](#)
- The student council requests that the Cosgriff community support the following service projects for April:
 - 1) Primary Children's Hospital. They are always in need of small toys and supplies for the many children who stay there. Please [click here](#) for an extensive list of items to choose for a donation. Do not include Easter baskets as our donation will be delivered at the end of April.
 - 2) Elese and Erin Peifer (7th grade students) have requested Cosgriff support as they earn a silver scout award on a humanitarian mission this summer. The twins will travel with their mother, Kathy Alderson, to the Solomon Island with a medical/dental team. This team will provide dental care and education to many children on the island who suffer from poor dental hygiene.

Elese and Erin are asking for donations of toothbrushes and 4-5 oz. tubes of toothpaste to take on their mission.

Please put your donations in the designated area in front of the office. Thank you!

- Mrs. Gobar, Kindergarten teacher, has a unique request. She expects to have at least 25 chicks hatch within the next two weeks in her classroom incubator. If you know of a farmer who would like to raise these chicks, please email her right away at dgobar@cosgriff.org.
- Please continue to pray for Tommy Walz and his family. Wear your green bracelet as a reminder to pray that the Walz Family will continue to stay strong and hopeful during this challenging time.

The next principal's letter will go out April.16. Happy and Blessed Easter to all Cosgriff families.

Sincerely,

Betsy Hunt
Principal
