Dear Parents,

Parents have inquired as to whether H1N1 has been contracted by any students at Cosgriff. There have been cases reported to the school office along with other flu like viruses. Symptoms of H1N1 are a severe cough, headache and high fever. The health department strongly urges that a child remain at home until he/she is fever free for at least 24 hours.

If your child has a fever in the evening and wakes up in the morning without one, please keep him/her home for a day as a precaution. The faculty, staff and custodians are trying hard to keep the school "Clorox" clean during this very infectious time. The regular flu shots will be given in the school library on Tuesday, November 10 from 3:00-4:30pm. Please call Mrs. Marron at 486-3197 to reserve a flu shot.

Please read the following:
